History

FROM THE WINTER RESIDENCE TO THE HOUSE FOR YOUR MOST BEAUTIFUL CELEBRATIONS

The Archbishops of Salzburg commissioned the Schloss Klesheim between 1687 and 1744; in accordance with the plans of the famous Baroque architect Fischer von Erlach. In 1866, Emperor Franz Josef I handed over the entire castle property to his younger brother, Archduke Ludwig Viktor, as a residence.

In 1881/82, he had the "Winterhaus" built as a residence for the cold season by the important Viennese architect Heinrich Ferstel.

Ludwig Viktor, a bachelor, was highly esteemed by the population of the surrounding villages. He founded schools, significantly contributed to the improvement of local infrastructure, and hosted an annual grand festival in the castle park. His nickname "Kavalier" gradually extended to the Winter House, which was soon known as the "Kavalierhaus."

The most significant souvenir from his era is the original preserved menu and guestbook from 1902-1904. It serves as both a treasure trove of culinary history and a "Who Is Who" in Habsburg Salzburg. During World War II, the German Wehrmacht repurposed Schloss Klesheim as a representative guesthouse due to its proximity to Berchtesgaden and Salzburg's growing reputation as a festival city. In the Kavalierhaus, an additional underground floor was converted into a bunker, and a submarine diesel generator was installed for energy supply. In 1945, the American occupying forces took over Klesheim as their headquarters.

Since 1962, the Kavalierhaus, now in state ownership, is operated by the Salzburg Tourism Schools as a gastronomic practical establishment. The splendid premises are ideal for elegant events such as weddings, banquets, and receptions.

We look forward to welcoming you soon to the beautiful Kavalierhaus Klesheim and collaborating with you to create an unforgettable day.

Director Basilius Engelmaier with his Kavalierhaus Team

Spirits, long drinks, Aperol, Lillet, Hugo and Red Bull (various types) are not included in the flat rate and will be charged separately according to consumption.

SET-UP

Musicians and florists or other helpers can set up 2 hours before the guests arrive (earlier by arrangement). Dismantling (band / DJ) takes place immediately after the event (or by arrangement). A dismantling fee of EUR 50.00 per hour will be charged.

INVOICING

A deposit of 30% must be paid up to 6 months before the event. This is based on the average price per person, depending on the type of event. A total invoice will be sent to the contractual partner afterwards. Unfortunately, we cannot offer individual collection.

Our prices include all taxes and duties.

**We reserve the right to make changes and price adjustments up to the date of the event.
See GTC point 3.6**

The contractual partner must inform the Kavalierhaus of the exact and final number of guests at least 5 working days before the agreed date. The number of guests stated at this time will be used as the minimum number for invoicing purposes. If the actual number of guests is exactly or above 95% of the originally stated number of guests – this reduction of guests is permitted without being regarded as a partial cancellation, subject to a charge (see our General Terms and Conditions). If the number of guests attending is higher than the minimum number stated, the actual number of guests will be charged.

All external services booked by us on your behalf will be charged to you with a surcharge of 10% service fee.

Confetti cannons and confetti in any form or similar are not permitted. Should anything of this kind take place, we reserve the right to charge EUR 300.00 for extra cleaning. The release of balloons is also not permitted due to the proximity to Salzburg Airport.

Please note that we work exclusively with our partner company for fireworks or other pyrotechnic effects.
